A LITTLE ABOUT ME

Hello, I'm Stefano.

I am a wedding photographer specialising in natural documentary storytelling. My goal is to capture the emotions and beauty of your day as they unfold.

YOUR STORY, UNINTERRUPTED

My approach is discreet and authentic. I document the joy, the anticipation, and the emotions without interrupting your day.

With two photographers, we can capture different moments and perspectives at the same time — and bring your memories together in one timeless story.
